

givebacks

Join the Movement!

Givebacks is a cashback program funded by 25,000 local and national businesses. But it's not your usual cashback app.

When you sign up and become a Backer, **you and the EANGUS WCFA National Guard Relief Foundation** get cashback every time you shop. What are you waiting for?

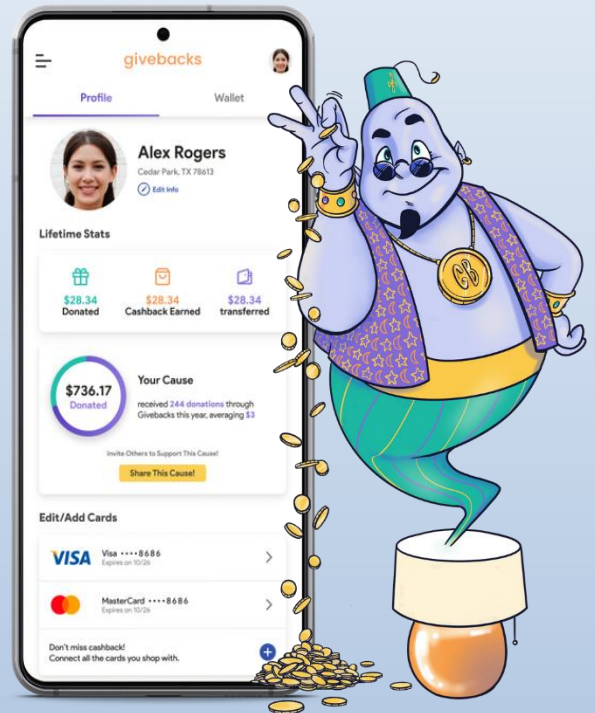

Once you become one of our Backers:

- ★ You'll get up to **10% cashback** every time you shop.
- ★ The National Guard Relief Foundation will get up to **1% cashback** to help Soldiers and Airmen in need.
- ★ The Foundation will also receive a **\$5 BONUS** when you sign up using the Referral link below and make a purchase within the first 90 days.

It's simple! Once you've selected our cause and created your account, you can do one or ALL of the following, depending on how you shop:

- ★ Link your credit card for **in-person shopping** and dining cashback. ****This is the easiest way to support us!**
- ★ Download the Givebacks Genie (Chrome browser extension) **on your desktop.**
- ★ Get the Genie **for your phone.**

Cashback you've earned will magically appear in your Givebacks wallet, which you can keep **or donate to the National Guard Relief Foundation** to supercharge your impact. It couldn't be easier. And you'll get to make the world a better place just by shopping your way!

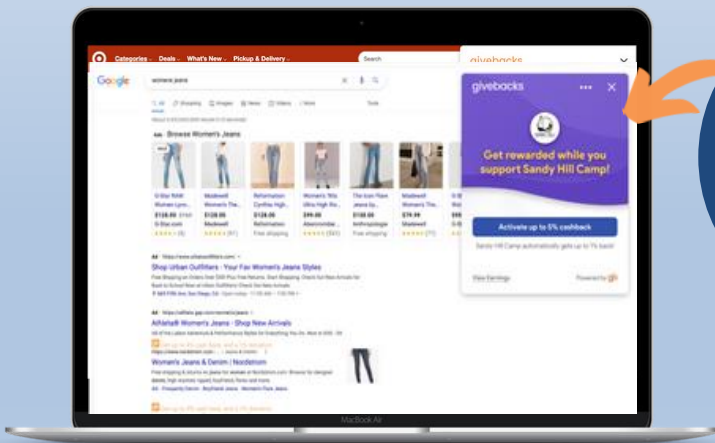

Visit the link below or scan the QR code to become one of our National Guard Relief Foundation backers today!
We get a \$5 bonus for each backer who joins and makes a purchase.

Frequently Asked Questions

Does it cost anything to shop Givebacks?

No, it's free for you to use. Givebacks collects a fee from participating merchants when you earn cashback.

How is it possible for me and my cause to get cashback?

Givebacks makes this win-win model possible by donating to your cause from our share of revenue. The donation to your cause doesn't come from your cashback. We do this because our mission is to create a model for social good within the ecommerce economy.

What is a browser extension?

A browser extension simply adds extra functionality to your Web browser. In the case of Givebacks, the extension (aka, the "Givebacks Genie") reminds you when you can earn cashback from your online shopping.

When will I see the browser extension?

- For Desktop: Currently, the Givebacks desktop extension ONLY works within the Chrome web browser. We are working on getting the Genie on every major browser so stay tuned!
- For iPhone: If you are an iPhone user, currently the Givebacks mobile extension ONLY works within the Safari mobile browser.
- For Android: If you have an Android phone, currently the Givebacks mobile extension ONLY works with the Chrome mobile browser.

Does Givebacks sell my data?

We do not sell or share data with third parties outside of the partner networks, payment network, and other third parties contracted to perform the services and deliver the functions within the Givebacks application.

Does Givebacks store my credit card information?

No - Givebacks does not receive or store your bank account, payment card, or online payment service credentials on any systems that we operate. All credit and debit card information is stored with Spreedly, a leading payment platform that enables and optimizes over \$30 billion of annual transaction volume through its highly secure tokenization and PCI Level 1 compliant vaulting system.

What cybersecurity does Givebacks have?

Givebacks uses industry standard AES-256 encryption algorithm to encrypt your data.
